IGOE PREDICTS REED'S ELECTION

ALSO CONCEDED BY WELL-POSTED MEN IN G. O. P. PARTY

CARRY ST. LOUIS 35,000

Reed to Carry Kansas City by 25,000 —Steady and Consistent Return to Party Fealty

By Wm. L. Igoe, Chairman, Democratic State Committee

During the last two years of President Wilson's administration citizens did not seem to realize that both branches of Congress were under Republican control, and the Democratic party was unjustly charged with failure to pass needed legislation, whereas this failure should have been properly charged to a Republican House and Senate.

The result of the 1920 election was abnormal and largely the result of this misunderstanding.

Missouri is a Democratic State. Only twice in half a century have Republicans elected a Governor.

In St. Louis, in the 1921, Mayoralty election, the Democratic candidate came within a few thousand votes of defeating Mayor Kiel.

The uncertain course, lack of constructive leadership and failure to keep campaign promises of the Republican National administration; its passage of the infamous Fordney-McCumber tariff bill, which has been opposed by liberal Republicans as well as Democrats, notably by heretofore stalwart Republican papers like the Globe-Democrat, and the Kansas City Star; and the attempted efforts of Governor Hyde, by legislation, to create a great personal political machine; the waste of state moneys; the unnecessary increase in taxes, and the conduct of the Metropolitan Boards appointed by him, presented issues which we emphasized in this election.

The Republican party leaders and its candidates have refused to meet these issues squarely, and at the outset, Mr. Brewster, its candidate for the Senate, interjected the "Wet" and "Dry" question. This was deliberately done to divert attention from the graver issues of the campaign and to withdraw attention from those matters which the Republican party feared to discuss.

Despite their refusal to meet the grave issues fairly, a spirited and successful campaign has been conducted by the Democratic State Committee for the entire ticket.

The campaign has been notably successful in its organization work, and especially in that portion devoted to public discussion in the great meetings held throughout the State.

Democratic speakers have addressed every school district in most of the Counties of the State, and these speakers have confronted record-breaking and enthusiastic crowds.

The Democracy of St. Louis has a better organization than it has possessed for many years.

In the great meetings addressed by Senator Reed and Senator Stanley in this city (which were held in the largest halls obtainable) it is no exaggeration to say that long before the hour of meeting it was impossible to seat more people and many thousands were turned away.

This tremendous interest and enthusiasm of the voters has convinced us that from every surface indication we can confidently predict a Democratic victory in this city.

A careful estimate prepared by the Democratic leaders in the 28 wards in this city shows that St. Louis will be carried by the entire Democratic ticket by majorities ranging from 3,000 to 35,000.

We confidently expect to elect at least 12 Democratic Congressmen.

The reelection of Senator Reed is certain. It is now practically conceded by well-posted men in the Republican party.

Democratic factional differences in St. Joseph have been adjusted.

Record-breaking crowds in Springfield, Joplin and Sedalia tell a story of Democratic enthusiasm and Republican distress.

Our reports from Kansas City make it certain that another signal victory will be gained which will emphasize the election of a Democratic Mayor last spring.

The majority in that city will be not less than 25,000 for Senator Reed and the entire state ticket.

The Democratic party has in its ranks a very small minority of disturbers and disloyal Democrats who have sought to place their individual preferences above the decision of a Democratic primary. These few Democrats, who have refused to submit to the fundamental principle of majority rule in a primary conducted under the law, have been rather loud and vociferous in their activities.

Our investigation discloses the fact that there has been more noise than action upon their part; more declamation than opposition; and the real Democratic voters now understand that they cannot vote for Mr. Brewster without at the same time endorsing Newberryism, the Fordney-McCumber Tariff Bill, and various other obnoxious measures.

For the last three weeks our correspondence proves conclusively that there has been a steady and consistent return to party fealty.

Judge Oscar W. Hackworth, Chairman of our Executive committee, has kept in close touch with the situation and carried on a voluminous correspondence with every County in the State. The character of this correspondence has been tremendously encouraging.

We passed the period of uncertainty over thirty days ago and all reactions have since been favorable.

I predict with certainty a Democratic majority outside of Kansas City and St. Louis, and that to this majority will be added a tremendous victory in Kansas City and St. Louis.

We are certain and confident of the result on Tuesday.

I predict the election of the entire Democratic State ticket by the largest majority given in the last twenty years, except in the election of 1912.

The return to the United States Senate of James A. Reed is assured by a majority so large that it may seem an exaggeration for me to say that our analysis and polls shows that it will certainly reach 75,000, and we believe it will be 100,000.

Of the 17 State Senators to be elected the Democrats will elect at least 12, giving a majority in the State Senate, and we also are certain of a majority of the Members of the House of Representatives.

This will end the attempts of Governor Hyde to build a gigantic political machine which he expected to control and, by its assistance, to dictate the nomination of the next Republican candidate for Governor.

3 "UNCLAIMED" BONUS CHECKS ARE RETURNED

Missouri Commission Gives Out List Of Ex-Service Men Not Found In Nodaway County

Jefferson City, Nov. 6—The state bonus commission Saturday announced that 215 checks intended for former soldiers, sailors and marines of Missouri, have been returned to the commission by the postoffice department as "unclaimed."

The checks will be held by the commission until the applicants notify the department of their new addresses so that they can be mailed to them.

The commission announced it will be necessary for the applicants to send their claim numbers or their army serial numbers before the "unclaimed" check will be mailed a second time. This precaution is being taken by the commission to guard against any possible fraud.

The unclaimed checks have been returned from points all over the United States extending from New York to San Francisco. About 35 of the checks were returned by the Kansas City postoffice when it was unable to deliver the letters to the proper parties.

The bonus commission has paid approximately 104,000 claims and has announced it will pay claims up to and including 111,000.

The list of unclaimed checks for Nodaway County is as follows:

Arthur Baysinger, care of Mrs. Roy Wolfers, Pickering, Mo. Harry R. Goff, Box 212, Barnard, Mo. Leslie Hanna, Maryville, Mo.

ED BROYLES KILLED IN AN ACCIDENT AT GREELEY COL.

Was Former Resident of Hopkins and Cousin of Residents of Maryville

Word has been received by Mrs. Willis Oxley of Hopkins that her brother, Edward Broyles, a resident of Greeley, Colorado, was killed in an automobile accident at Greeley Friday. The details were not given.

Broyles was a former resident of Hopkins and is a cousin of Lou Heflin and Anna Stauble of Maryville. He is a second cousin of Joe Jackson.

Miss Mattie Londsay of St. Joseph, another sister of the dead man, went to Greeley Saturday.

CLOSING MEETING FOR THE DEMOCRATS

JUDGE MAYER AND J. T. BARKER SPOKE SATURDAY

ON NATIONAL FAILURES

Barker Said "Re-elect Reed and See Him as a Candidate for President in 1924"

The closing Democratic meeting of the campaign was held Saturday night at the court house when Judge Charles H. Mayer of St. Joseph and former Attorney General John T. Barker of Kansas City were the speakers.

The closing Republican meeting will be held this evening at the courthouse when M. E. Otis, assistant attorney general and a former Nodaway County boy, will be the speaker.

Judge Mayer devoted his speech to the failures of the national administration and the extravagance of the state administration. He referred to tariff bill and read what some Republican papers as well as some Republican senators thought of the measure. He also spoke of the ship subsidy bill and the bonus.

Judge Mayer read some figures taken from the records in the office of the State Auditor making a comparison of expenses in state government under Democratic and Republican rule. The comparisons are made from the first twenty months of the Hyde regime with the last twenty months of Governor Gardner's administration.

Some of the comparisons as given by Judge Mayer taken from the books of the state auditor were:

Governor Hyde's expenses, $46,035-68; Governor Gardner's expenses, $33,935.93; G. O. P. increase, $12,099.75.

Secretary of State Becker's (R) expenses, $531,842.93; Secretary of State Sullivan, (D) expenses, $398,-329.69; G. O. P. increase, $133,513.24.

The cost of maintaining the state board of health under Republican rule has been $103,400.39. For a like period under Democratic rule the cost was only $38,471.68. G. O. P. increase $64,928.

Republican management of the penitentiary from January 1921 to September 1922 cost $670,442.23. Democratic management of the penitentiary from January 1919 to September 1920 cost $372,555.85. Additional Republican cost $297,886.38.

Judge Mayer pleaded for the election of the Democratic ticket.

Former Attorney General Barker devoted the last part of his speech to Senator Reed and pleaded and begged for the re-election of Reed to the senate. He said the Senate was calling on Missouri for his re-election. He stated there had been no Republican Senator campaigning in this state for the Republican candidate. He discussed the wet and dry issue.

Mr. Barker closed his talk by saying:

"Re-elect Reed as senator and see him as a candidate for president in 1924."

The high school orchestra gave a number of selections before the meeting. Prosecuting Attorney Charles Mc Caffrey introduced the speakers.

RECONSTRUCTION WORK IN OKLA. STORM AREA BEGINS

6 Are Killed, 30 Injured and a Million Dollar Property Loss in Tornado Saturday Night

Drumbright, Okla., Nov. 6—The task of rehabilitating the ten miles area, which was the scene of a terrific tornado Saturday night that caused the death of six persons, injuries to more than thirty, and property damage amounting to over a million dollars, was begun today.

A check-up today shows that six persons were killed outright. Those identified are: Mr. and Mrs. Joe Jennings and 14 year old son, Wes Walton, rancher, Fred Fugit, and Will Dodson. The tornado came from the south and left in its wake a path of 100 to 300 feet wide of complete destruction through fourteen miles of the rich Chushing oil fields.

The total number of persons hurt is believed to be about thirty, but all of these have not been found and identified.

According to eyewitnesses in the storm swept area, the first tornado that came did but little damage, but the second one two minutes later left death and destruction in its wake.

MISS MARY COE PLACES IN HOME ECONOMIC CONTESTS

High School Girl Given Fifth Place in Clothing Contest—St. Charles and Lebanon Wins

Three first prizes were given, two of which were won by Lebanon and the other by St. Charles. Lebanon won the silver pitcher given by ex-Governor Gardner and the silver serving tray. St. Charles won a painting.

Miss Katherine Carpenter of the high school faculty, who accompanied the girls said that she was proud of the showing which her girls made and that the decisions were all close and the competition decidedly keen.

The Maryville delegation returned from Columbia last night.

HOW BLANKET BALLOT WORKS

NAMES OF ALL CANDIDATES ON SINGLE LARGE SHEET

ELECTION TOMORROW

Put Cross in Circle to 'Vote It Straight'—to "Scratch, Check Opposing Candidate

When voters go to the polls tomorrow, they will be handed two ballots. One of them will contain the names of candidates of all parties for state and county offices, while the other will contain the three proposed amendments to the state constitution and the sixteen referendum propositions.

The ballot containing the names of the candidates for office will be radically different from the form used in previous elections in Missouri. Instead of a separate ticket being handed the voter for each party, there will be only one large sheet, on which all parties are represented. It is the first time the blanket ballot has been used in this state.

How to "scratch" candidates is the chief problem which is likely to worry the voters.

The method of "scratching" depends. If the office in question is one of which only one person is to be elected, such as the office of Senator, "scratching" is done not by actually scratching a name, but by cross-marking the the name of an opposing candidate, in the square at the left of the opposing candidate's name. This is assuming that the voter first checked his party ticket by a cross-mark in the circle at the top. In that case, he is voting for all the candidates on his party ticket, except where he cross-marks a name on an opposing ticket.

If the office is one for which two or more persons are to be elected, such as that of Judge of the Supreme Court (Division 2), then voter who wishes to "scratch" should actually scratch the name of a candidate, any candidate, on his own party ticket, and should cross-mark the name for which he wishes to vote on the opposing ticket.

If the voter cross-marks a name on another party ticket without scratching a name on his own ticket, the vote will count against that candidate on his own ticket whose name happens to be opposite the name voted for.

In case the voter wishes to "scratch" a candidate without voting for his opponent, again the way to do it is not actually to scratch the name but to cross-mark it, in the square at the left, and to cross-mark the name of the opposing candidate also. This means that no vote on that office will be counted.

The last and least likely contingency is that the voter will wish to "scratch" the name of a candidate on the ticket, and vote for one not named on the ticket. In this case, having first checked his party ballot at the top, he should scratch the name of the objectionable candidate, and should write beneath it the name, not on the ballot, which he prefers. This is to be done, it should be understood, only in the case of a name not printed on the ballot as a candidate for that office. It should not be done when a voter merely wishes to "scratch" the candidate on his party ticket and vote for the candidate of another party. How to do that is told in the second paragraph of this article.

SNODGRASS CLOSES POLITICAL TALKS

WITH TWO HOUR SERMON LAST NIGHT.

CATHOLIC FOR REED

Says Pastor and Declares They are a Powerful Political Machine

Speaking for almost two hours last night, the Rev. R. E. Snodgrass gave his last political sermon on, "Will the United States Backslide?" In his opening remarks, he said:

"I haven't turned Republican yet, in spite of the statements of some of my friends. The truth of the matter is, I don't know what I am politically. But I am afraid that there will be no Democratic party in Missouri if Jim Reed is elected."

Snodgrass devoted the first part of his talk to recalling the curse of the saloons and giving the benefits of prohibition. He analyzed his subject by asking if the United States would go back to pre-prohibition evils by the ballots cast in tomorrow's election.

He also spent a considerable part of his talk in refuting statements made by John T. Barker of Kansas City, who talked here at the courthouse Saturday night. He said that Barker had some job trying to exonerate Jim Reed from his war record.

Referring to the talk made by the Rev. Father Felix at the Chamber of Commerce luncheon last Monday, he said he supposed that Father Felix's reference to politics and the church was an indirect answer to his (Snodgrass) position in the present campaign. Continuing on this subject he said:

"I was somewhat surprised at Father Felix; I rather felt that his remarks were improper. Father Felix said that anyone could attend the Catholic churches in Maryville for twenty-five years and never hear politics mentioned.

"I could go to their church for a thousand years and never hear many things mentioned that ought to be," he declared.

"Who will deny that the Catholic church is not a powerful political machine? It is lined up solidly for Jim Reed and the Protestants for R. R. Brewster. I haven't talked to a Protestant minister who is going to vote for Jim Reed."

Snodgrass closed his sermon by saying that he hoped whatever unpleasant personalities injected in the campaign would be forgotten after the election and that for his part, as a loyal American citizen he would support whichever of the senatorial candidates that were elected.

VULGAMOTT CASE WAS REVERSED AND REMANDED

Kansas City Court of Appeals Announced Decision Saturday—Maier vs. Wallace & Cook.

The Kansas City Court of Appeals Saturday reversed and remanded back the case of Charles Vulgamott against the Wabash. The case of L. L. Maier against T. J. Wallace and Ray Cook was affirmed by the Kansas City Court of Appeals.

The case of Vulgamott against the Wabash has been tried twice and both times appealed. It has been pending since 1919, the suit having been brought on August 23, 1919. Vulgamott brought suit against the Wabash for $10,000 for injuries sustained in a switching box car at Burlington Junction when a horse fell on him. It was tried the first time in April, 1920, and the jury gave Vulgamott a verdict for $4,000. A motion by the defendant for a new trial was granted by Judge Dawson in circuit court here. The plaintiff took an appeal to the Kansas City Court of Appeals and that court affirmed the decision of the lower court here for a new trial. The second trial was in October, 1921, and ten jurors voted for $4,000 damages for Vulgamott. The defendant then took an appeal to the Kansas City Court of Appeals and the decision of that court was announced Saturday.

George Robb Ellison and W. A. Blagg represented the Wabash railway and Wright and Ford Vulgamott.

In the case of Maier against Wallace and Cook, a jury gave a verdict for $419.60. The defendants took an appeal to the Kansas City Court of Appeals and their opinion was rendered Saturday. Ellis G. Cook represented Maier and Wright & Ford the defendants.

143 MINERS ARE ENTOMBED TODAY

IN GAS EXPLOSION AT PENNSYLVANIA MINE.

28 ARE FOUND ALIVE

Men Fighting Furiously With Gas Masks—Many Bodies Will be Removed Tonight.

Spangler, Penn., Nov. 6.—Twenty-eight men were taken out alive at 2 o'clock this afternoon from the Riley mine No. 1 following the terrific gas explosion this morning which entombed 143 workers.

The twenty-eight men that were taken out alive were in a critical condition from the effect of the flames and gas fumes, and it required heroic efforts on the part of the rescuers to save them.

There are 115 men in the mine that are yet unaccounted for and it is not known whether they are dead or alive.

Word has come up from the rescuers that many dead bodies have been found but none of them will be brought to the surface until late this afternoon. When the first five dead bodies were found hope was given up that any of the entombed miners would be found alive.

Jamestown, Penn., Nov. 4—Before noon today officials of the mine gave up any hope of rescuing the entombed miners alive.

By 12 o'clock over a thousand persons had reached the Riley mine and men with gas masks began digging furiously but as the shafts were still filled with gas they were permitted to work only a few minutes at a time.

Jamestown, Penn., Nov. 6—Between 145 and 150 miners were entombed today with almost no chance of rescue following a terrific gas explosion that occurred at 7:42 o'clock this morning at mine No. 1 of the Riley Coal company at Spangler, Pennsylvania, twenty-five miles from here.

Word from the officials of mine before noon today say that the entrance to the mine is filled with gas and that it is impossible to send rescuers into the mine.

Shafts 500 feet from the entrance were completely shut off with debris and gas, cutting off entirely the air supply to the entombed men. Lack of air alone will kill the helpless men soon, experts said today.

Entrance to the mine was surrounded with hundreds of people, wives and children of the entombed men. Women became desperate as the word was flashed about that there was not one chance in a million that any of the miners would be rescued alive.

Some of the women were violently hysterical and had to be restrained by men in the crowd.

A hasty call has been made to the Mines Bureau of Pennsylvania for assistance in helping to rescue the buried men.

MAYFIELD'S NAME MAY GO ON BALLOT TOMORROW

Civil Court of Appeals Today Dismisses Temporary Injunction Against His Name

Dallas, Tex., Nov. 6—Shortly after 10 o'clock this morning Attorney-General Keeling and assistant-attorney Sitton, of the civil court of appeals here issued a mandate which dismissed the temporary injunction granted in the seventh district court last Wednesday to keep Earle B. Mayfield's name off the ballot for tomorrow's election.

Mayfield is the regular Democratic nominee for the U. S. Senate and is having the support of the Ku Klux Klan.

The court of civil appeals issued this mandate in spite of the fact that a writ of error was now pending in the supreme court on the ground that, "Appellees have not taken a transcript to the supreme court or ordered it sent there."

THE COUNTY UNIT BILL

By B. Eickholt

Grace M. Shepherd, Director of Rural Education, at the College thinks that I have overlooked the fact that this bill retains the local district boards. Let it be remembered that the local boards have no power to speak of; they may, however, advise or beg the central board to do certain things for them; in other words the local boards will do just what the County Unit board tells them to do, and say just what they tell them to say. That leaves the local boards a great deal of power.

The aim of this bill is to take away from the rural people what I will call, (home rule) and gives them the County Unit Bill instead. This bill cannot remedy the evils of the present system for I admit that it is by no means perfect. Instead of remedying these faults it will only aggreviate them so that school conditions will be worse than they are now, for instance, every district will want that teacher, that gets the most money, and no district will take or at least will not want the young teacher. What a muddle that will be, when every-body helps everybody pay, then where will the promise of (cheaper) come in and the bill promises that.

Let us try to build up the present system, and not tear down. I have been waiting for someone to tell us where Missouri stands in education, with the other states, but I have to do so myself. In 1910, Missouri ranked 20th from the top, in 1920 we were 15th from the top and United States Commissioner of Education Tigert says she stands today not lower than fifth or sixth from the top. Just a little more climbing under the good old way and we will put good old Missouri in the front rank.

The people of this State are a little bit funny. They like to do somethings themselves instead of letting other people do them.

The greatest backing that a State or a law can have is individual interest.

Mrs. F. A. Bush says Missouri is proud of her schools but is not satisfied. Cost what it may an increase in taxes or the imaginary loss of control (the end justifies the means) what might that not imply, or what might not happen if this theory held good. There is no use of comparing the school system, of St. Joseph with the rural schools, as the conditions are not the same.

I thank you.

RED CROSS
ROLL CALL
Nov. 11 to Dec. 1.

Lamkin On Mo.'s Rank

In talking to a representative of the Democrat-Forum this morning, President Uel W. Lamkin of the College says that there is no way of measuring educational efficiency of the school system in the various states. The only comparative statement of the education in the different states was made in regard to the educational opportunity rather than the efficiency of the systems.

This was a survey made by the Russell Sage Foundation which ranked Missouri thirty-fourth in educational opportunity. Tom Tigert or no one else knows where Missouri stands but it is absurd for any one to say that Missouri now ranks fifth or sixth.

Whatever Missouri's ranking, it is held up by the efficiency of the city schools and not by the condition of the rural schools.

Education vs. Luxuries.

The following article was written by John H. Street in interest of the County Unit Bill:

Before a person is allowed to testify in court as a witness he must hold up his right hand and swear that he will tell "the truth, the whole truth and nothing but the truth."

I wonder how many voters who have been preaching from the hills and housetops, as it were, that they are much interested in the future welfare of the boys and girls of grand old Missouri will tell "the truth, the whole truth and nothing but the truth" when casting their votes on the 12th Amendment at the polls tomorrow?

The County Unit system will be too expensive, cry some. Yes, all good things cost money and labor. Your motor car is pretty expensive, but you use it just the same and not a murmer is heard.

There is more money spent in the United States in a year for tobacco than is spent on all the schools of the United States in a year and everything is lovely and no outcry is heard in regard to this fact.

There is more money spent in the U. S. in a year for candy than is spent on all the schools in a year.

There is also more money spent in a year in the U. S. for chewing gum than is spent on all the schools in a year. Can you afford to turn down the County Unit Bill tomorrow on the pretext, "too expensive?"

Following are twelve reasons why you should support the County Unit Bill tomorrow by scratching out "No" and voting "Yes."

1. It represents the American principle, "Progress."

2. It will give the boy or girl a high school education without leaving home.

3. The extra tax for this will be so small you will scarcely notice it.

4. Utah has had this system of education for some time and likes it very much.

5. It will provide better school buildings and equipment.

6. It will give equal educational opportunities to all children.

7. It will give free high schools for all rural pupils.

8. It will lessen the population in the reform schools and the penitentiary.

9. It leaves the management of the local district largely in the hands of the district.

10. It will increase the value of our farm lands as it did the farm lands of Utah.

11. It will be a drawing card for homeseekers.

12. It will add another "star" to our "banner of progress."

Now, Voter, can you afford to turn down Amendment No. 12?

JOHN H. STREET.

Tigert's Statement

Commissioner Tigert has wired the following on the County Unit Bill.

"Favor County Unit for Missouri because county is now unit for civil organization and school supervision. It is therefore logical unit for school administration. Larger school unit coterminus with civil units efficient in such progressive states as New England group, Utah, Ohio. Larger unit equalizes educational opportunities and burden of school support and therefore democratic. Injects business methods, promotes school consolidation, makes professional supervision possible. Small isolated school deprives children of modern educational facilities."

Instructions to Voters

On receipt of your ballot you are to forthwith retire alone to one of the voting booths and prepare your ballot for voting in the following manner:

To vote a "straight" party ticket, place a cross (X) mark in the circle immediately below the party name.

To vote for one or more candidates on more than one party ticket, by voting what is commonly called a "split ticket", place a cross (X) mark in the circle immediately below one party name and mark cross (X) marks in the squares at the left of the names of candidates on other tickets for whom you intend to vote.

To vote for one or more candidates whose name or names do not appear on the printed ballot, do so by drawing a line through the printed name of candidate for such office, write below such canceled name the name of the person for whom you desire to vote, and place a cross mark in the square at the left of such name. The squares so marked shall take precedence over the cross marked in the circle.

Where there are two or more candidates for like office in a group, a cross (X) mark in the square to the left of a candidate's name, automatically votes against the candidate whose name appears within the same horizontal lines in the column under the circle in which appears the cross (X) mark, unless you indicate another candidate to be voted against by drawing a line through such candidate's name.

All candidates of the party whose circle is marked, are counted as voted for excepting where squares are crossed preceding the names of the candidates in other columns; if two or more candidates for the same office are thus designated, neither are counted.

If the cross (X) is not placed in the circle immediately below the party name at the head of the column, but does appear in the squares opposite the various candidates' names, then only these names are counted, and none other.

A cross (X) mark is any line crossing any other line at any angle within the voting space, and no ballot is void because a cross (X) mark therein is irregular in form.

Do not deface or tear a ballot in any manner, nor erase any printed name (except as provided above in this section), figure, word or letter therefrom.

Do not erase any mark you may make, and do not inclose in the folded ballot any other paper or any article. If you deface or tear a ballot, or wrongly mark the name or make an erasure therein, you may obtain one additional ballot on returning to the ballot clerk the one so defaced or wrongly marked.

A ballot placed in the ballot box without any mark shall not be counted.

Ballots shall be counted only for the person for whom the marks thereon are applicable.

If you place a mark against two or more names for the same office, and only one candidate is to be chosen for the office, the ballots shall not be counted for either such candidate.

Before leaving the booth, fold your ballot in such a manner as to conceal your marks thereon.

Mark your ballot without undue delay. Hand the ballot to the judge of election selected to take ballots, who will number the ballot and deposit it in the ballot box.

Leave the premises as soon as possible.

PLANS MADE AT S. T. C. TO ELECT TOWER QUEEN

Will Also Vote on Most Popular Boy, Peppiest Student and Best Liked Teacher.

A Tower Queen will be selected at the State Teachers College this week and next. This title will be applied to the young woman student of the College who, in the opinion of the student body, should receive the honor of being the queen of the State Teachers College annual.

Beside the queen the following honorary titles will be conferred by vote: The most popular boy, the best liked teacher, the peppiest student, and the wittiest student.

These places will be filled by an election. Wednesday morning at 11 o'clock the primary will take place at which time every student in the school will be entitled to one vote for each of the above mentioned places.

Following the primary, a secondary election will be held at which time the students who purchase annuals will be entitled to vote again in proportion to the amount of the price of the annual which is paid when the subscription is paid.

If the student who subscribes for the annual pays only half of the purchase price when he subscribes for his annual he is allowed two extra votes, but if he pays the entire amount, he is given five votes.

It will be perfectly legitimate for electioneering to be carried on in the secondary election, but in the primary it is forbidden. In the secondary election votes may be solicited or given away.

The class at the College which comes nearest reaching 100 per cent in the sale of annuals will be given a page in the Tower to be used as they see fit. If two classes, or three, reach the 100 per cent mark, then the one reaching it first will be given the page in the annual.

Considerable class rivalry is expected in this race for honors as last year the race was close.

The plan of the election of the Tower Queen and the other honorary positions was presented to the Student Council of the College this morning by a committee from the Tower staff composed of Miss Lethal Garten, Richard Runyan and William Mapel. The plan met with the approval of the Council.

SIX POUND TURNIP GROWN ON WILLIAM WALTER'S FARM

G. W. Stewart of Hopkins was in Maryville Saturday and brought with him a purple top scrap leaf turnip weighing six pounds. The turnip measured twenty-five and a half inches in circumference and was well shaped and solid. It was grown on the farm of William Walter, six miles southeast of Hopkins.

Another turnip brought in today must be placed a little ahead of Walter's turnip. It weighed seven pounds and twelve ounces and measured twenty-six inches in circumference. This turnip was grown by Floyd Ambrose on his farm near Arkoe.

COUNTY CLUB WOMEN GIVE TO SUPPORT REST ROOM

Each Member Pledged to Give 10c a Year To The Rest Room Fund

Since the establishment of the county rest rooms in the courthouse various women's organizations throughout Nodaway County have assisted in its upkeep. It has been customary for the different clubs and church societies to allow ten cents per capita toward the rest room fund at the time of paying the annual dues. During the last summer it has been necessary to buy new shades, chairs and other supplies for the rooms. A number of local and county clubs have already paid their voluntary contribution of ten cents per capita for this year and other organizations that will assist are asked to send the amount to Mrs. E. G. Orear, treasurer of the rest rooms fund.

The following clubs contributed to the fund last year: Twentieth Century, Daughters of the American Revolution, Highland, Women's Relief Corps, Pine Grove, Homemakers Class of Buchanan Street Methodist Church, Merry Minglers, W. C. T. U. Club of Burlington Junction, W. C. S. N. Club of Hopkins, Country Club, Ireland Industrial, Mozingo Valley H. K. G. Club, Ladies Intellectual Club of Hopkins, W. C. T. U. of Maryville, Herron Homemakers, Mowery W. W. W., Social Hour Club of Pickering, and the L. A. W. Club of the Myrtle Tree neighborhood.

"HELLO WEEK" AT S. T. C. BY STUDENT COUNCIL SOON

Decided This Morning to Hold Get-Acquainted Stunt to Open Winter Quarters.

The Student Council at the State Teachers College will sponsor a "Hello Week" at the College the first week in the winter quarter.

This was decided this morning at a meeting of the Council at 8 o'clock.

The reason for this action was the fact that so many students in the school are not acquainted with the other members of the student body. It was reported that several students had made the remark that they were lonesome and that the other students were not hospitable enough.

This "Hello Week" will be in the nature of a get acquainted affair. Every student will speak to everyone else and it will be tried to see that everyone is acquainted with everyone else.

A Recent Fight In Maryville As Seen By A "Budding" Writer

Maryville had a prize fight late last Friday afternoon. Not more than two dozen people of the town knew about it, for it happened in a back alley.

Maryville also has a promising young sport writer. None of the two dozen or so fight fans who witnessed the encounter knew that a "budding" journalist was in their midst. But this embryo writer was discovered that evening penning a graphic account of the battle and we have been able to get his "first copy" for a story. He is twelve years old and in the eighth grade at school.

The following is his verbatim account of the fistic struggle and we'll let the fans judge it on its merits:

Jack Dempsey vs. Jack Johnson.

"David Belt, alias Jack Dempsey and Raymond Gunn, alias Jack Johnson mixed in Price's alley last evening. Dempsey coming off victorious. Johnson led with a right which Dempsey countered with his left and sent home a right to Johnson's solar plexis, then sent in an upperent which missed. Johnson landed a right to the stomach and so it went on with Johnson getting the worst of the fight until the last round.

NINTH ROUND.

Johnson led with a right which blacked Dempsey's eye. Dempsey tried for a knockout which dazed Johnson. Johnson swung and missed. Dempsey swung, blacking Johnson's eye. Johnson commenced crying and picked up a brick bat. Dempsey lit out and was still running when he disappeared around the corner."

WRESTLING MATCH AT ST. JOE

John Pesek, Who Made a Favorable Impression, Is to Return to Meet Pinto Stanley

St. Joseph wrestling fans are pleased with the news that Maxwell Baumann, local wrestling promoter, is to present John Pesek in the main bout on his next card, next Thursday evening, at the Lyceum, in that city. Pesek who already has his reputation as a topnotcher, pleased St. Joseph enthusiasts so well in his initial appearance here last week in a bout, preliminary to the Strangler Lewis-Gobar match, that there was a clamor to have him return. He will meet Pinto Stanley, a sturdy Bohemian, who has wrestled little in the United States, but who is said to have mowed down the matt aspirants in Canada.

Baumann has arranged for his semi-final offering what promises to be an other rattling good preliminary in a bout featuring John Grandovich and Jatrinda Gobar. Gobar, the Hindu grappler, who gave Champion Lewis such a hard tussle here last week, made a big hit and will be popular in a return engagement.

AG. STUDENTS INSPECTING ST. JOE. YARDS TODAY

Will Have Luncheon at Transit House And Hear Lectures By Meat Experts

W. W. Stanfield, instructor and about twenty-five agriculture students of the college left this morning for St. Joseph where they will spend the day in studying the handling of live stock in yards, the slaughtering of stock and preparation of meat products and the federal inspection of livestock animals and meats. The students will also visit other industries during the day. Dr. D.R. Gillies, inspector in charge of the South St. Joseph bureau of animal industry, has arranged a program.

Most of the forenoon will be spent in the yards watching the yarding, feeding, watering and general handling of stock, and the process of trading between commission firms and the packers, concluding with the explanation of the government ante-mortem and inspection of stock and other interesting phases of the work.

Following luncheon at the Transit House the visitors will assemble in the hall on the fourth floor of the Live Stock Exchange, at 1 p. m., where Doctor Gillies will give a lecture on "Federal Meat Inspection and How the Little Purple Stamp Protects the Public." Representatives of Swift & Co. will explain how the various kinds of meat and meat food products are prepared and marketed.

Dr. J. I. Gibson, live stock commissioner for the Live Stock Exchange, will show three motion picture reels on "Out of the Shadows," and "Baby Beef," and lecture on "Tuberculosis and the Danger of Transmission from the Cow to Man." Following this the students wil visit the Swift & Company plant, the Larabee Mills and the weather bureau, where W. S. Belden will explain how the weather is forecast.

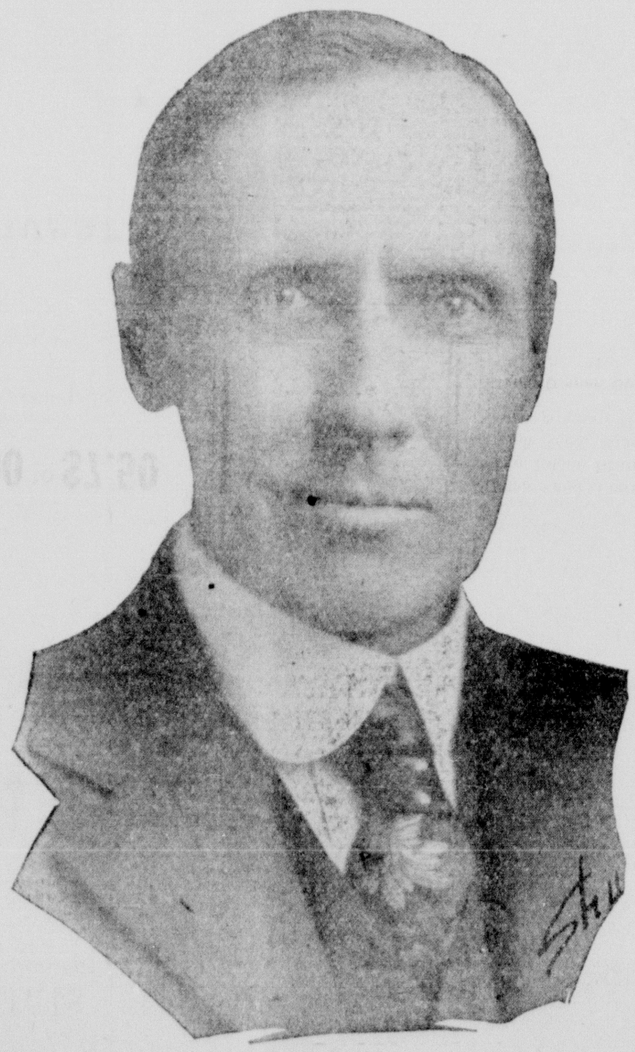
WM. E. SPRATT FOR CONGRESS

William E. Spratt attended his first school in Buchanan County, Missouri, the Pickett School, then a little country school, just southeast of St. Joseph. He was raised on a farm and today operates a farm. He knows from actual experience the troubles of the farmer. In all legislation appertaining to agriculture he would be familiar with the side of the farmer, from experience. In representing them he would only be representing himself.

He has his community at heart. He was honored by being elected Mayor of St. Joseph for two terms or four years, the only public office he ever held. He was president of the Chamber of Commerce. He was for many years president of the St. Joseph Horse and Stock Show. He was president of the Rotary Club, Secretary of the Red Cross, on the executive board of the Salvation Army and is now on the Board of Directors of the Automobile Club of St. Joseph and vicinity.

During the war he was overseas for eight months where he had the opportunity of seeing and knowing first hand, from actual experience and observation, many of the problems and conditions over there better than anybody else who did not have that opportunity.

In his particular line of work, that of Real Estate and Abstract of Title, he has of necessity had to learn a great deal of law. He was one of a committee of five that drafted the present State Highway Traffic laws. He helped to write the present City Charter of St. Joseph.



As mayor he studied law and legislation. He wrote a history of the Platte Purchase, which is the same as the Fourth Congressional District, and this required him to make an extensive study of conditions in this Fourth Congressional District.

The Corning Mirror, a Republican newspaper in Holt County says: "The Fourth Congressional District has only had three Republican Congressmen including the present incumbent in the past forty-seven years. No Republican Congressman in this District has even gone back for a second term—a round trip ticket to Washington was all any one of them ever needed." And these have been at long intervals of time. Mr. Crowthers in 1895—then ten years latr Mr. Fulkerson in 1905—then fifteen years later the present incumbent in 1920.

This year more than ever, it looks like the District is back where it generally remains. In the primary election the combined vote of the Democratic candidates for Congress received 8,300 more votes than the Republican candidate.

William E. Spratt owns his own home. What little of this world's goods that he possesses is in Real Estate. He knows the burden of paying taxes. He knows from experience how hard it is to work and save to be able to pay his government what it assesses against our homes. His sympathy is with the over-taxed citizen. No one who does not pay taxes can possibly feel this burden so keenly.
